

MY SERVICE
RECORD

THE AMERICAN'S CREED

"I believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a democracy in a Republic; a sovereign Nation of many sovereign states; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

"I therefore believe it is my duty to my country to love it, to support its Constitution, to obey its laws, to respect its flag and to defend it against all enemies."

—William Tyler Page

"Too often are the memories of the deeds and acts of those who honorably and bravely have served their country, allowed to fade from our minds. In the confident belief that a complete and permanent record of their activities will prove a source of satisfaction, enjoyment and value, not only to the service man but to his loved ones and succeeding generations as well, this book has been compiled."
